GENERAL INFORMATION: Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 and JETI Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 and JETI Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

Taxing units must include a hyperlink to a document that evidences the accuracy of each entry in the worksheet other than an entry making a mathematical calculation.¹ Source materials must contain data for all worksheets used, including supplemental worksheets.

SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

Voter Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the tax rate. The type of taxing unit will determine the rate components that apply to a taxing unit's overall voter-approval tax rate.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

SECTION 2: Maintenance and Operations (M&O) and Debt Tax Rate Worksheet

This section calculates two components of the voter-approval tax rate:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the minimum dollar amount required to be paid toward debt service for the current year.²⁷ This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

SECTION 3: Adjustments for Additional Sales Tax to Reduce Property Taxes

Cities, counties and hospital districts may levy a sales tax specifically to reduce property taxes. Local voters by election must approve imposing or abolishing the additional sales tax. If approved, the taxing unit must reduce its NNR and voter-approval tax rates to offset the expected sales tax revenue.

This section should only be completed by a county, city or hospital district that is required to adjust its NNR tax rate and/or voter-approval tax rate because it adopted the additional sales tax.

SECTION 4: Adjustment for Pollution Control

A taxing unit may raise its rate for M&O funds used to pay for a facility, device or method for the control of air, water or land pollution. This includes any land, structure, building, installation, excavation, machinery, equipment or device that is used, constructed, acquired or installed wholly or partly to meet or exceed pollution control requirements. The taxing unit's expenses are those necessary to meet the requirements of a permit issued by the Texas Commission on Environmental Quality (TCEQ). The taxing unit must provide the tax assessor with a copy of the TCEQ letter of determination that states the portion of the cost of the installation for pollution control.

This section should only be completed by a taxing unit that uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution.

SECTION 5: Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.⁴⁷ The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.⁴⁸

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;⁴⁹
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);⁵⁰ or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.⁵¹

This section should only be completed by a taxing unit that does not meet the definition of a special taxing unit.⁵²

SECTION 6: De Minimis Rate

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.⁵³ This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.⁵⁴

SECTION 7: Adjustment for Emergency Revenue Rate

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.⁵⁵

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).

If applicable, enter the current year de minimis rate from Line 74.

SECTION 9: Addendum

An affected taxing unit that enters an amount described by Tax Code Section 26.012(6)(C) in line 21 must include the following as an addendum:

1. Documentation that supports the exclusion of value under Tax Code Section 26.012(6)(C); and
2. Each statement submitted to the designated officer or employee by the property owner or entity as required by Tax Code Section 41.48(c)(2) for that tax year.

Maggie Oliver
King County Treasurer

Mrs. Oliver,

In order to complete the 2026 Tax Rate Calculation, I will require the following information from you:

-Amount spent by the county in the previous 12 months providing for the maintenance and operation cost of keeping inmates in county-paid facilities after they have been sentenced. Do not include any state reimbursement received by the county for the same purpose. 0

-Amount spent by the county for the same as above in the 12 months PRIOR to previous 12 months. \$2,790. -

-Amount paid by taxing unit providing for the maintenance and operation cost of providing indigent health care for the period beginning on July 1, 2025 and ending on June 30, 2026, less any state assistance received for the same purpose. If not applicable, enter zero. 50-856, 35 A 0

-Amount paid by county to provide appointed counsel for indigent individuals for the period beginning on July 1, 2025 and ending on June 30, 2026, less any state grants received by the county for the same purpose. If not applicable, enter zero. 50-856, 36 A 0

-Amount paid by the county to maintain and operate an eligible county hospital for the period beginning on July 1, 2025 and ending on June 30, 2026. If not applicable, enter zero. 50-856, 37 A 0

-Amount of 2026 debt to be paid with property taxes and additional sales tax revenue. 50-856, 42 A \$17,225.49

Debt means the interest and principal that will be paid on debts that:

- (1) Are paid by property taxes,
- (2) Are secured by property taxes,
- (3) Are scheduled for payment over a period longer than one year, and
- (4) Are not classified in the taxing unit's budget as M&O expenses.

-Amount of unencumbered funds plan to use to reduce total debt. 50-856, 42 B 0

- Amount certified in the determination letter from Texas Commission on Environment Quality (TCEQ). Please include copy of this letter. Only complete if taxing unit uses M&O funds to pay for a facility, device or method for the control of air, water or land pollution. 50-856, 59 0

Thank you for your help.

Sincerely,

Amy McCauley
